PROFILE

Full-Stack MEARN Developer | Specialized in React

• Ambitious and committed to continuous learning, I'm a dedicated Full-Stack Developer advancing my skills through the MEARN scholarship at ITI. With over a year of front-end experience, I specialize in building dynamic, responsive, and scalable web applications using MongoDB, Express.js, Angular, React, and Node.js. I focus on delivering custom, high-performance solutions with intuitive UI, seamless API integration, optimized code, and ongoing support—all tailored to your project's needs.

INTERNSHIP

2024/11 – 2025/03
beni suef, Egypt

Information Technology Institute
Full-Stack MEARN Developer

- Currently developing skills in full stack development, with a focus on MERN technologies.
